Please note: Only New White - Velour is stocked in Victoria the remaining colours are MTO 8 - 10 week lead time minimum 1 sheet order.

Important Information

Dark colours and gloss finishes are not recommended for high wear applications such as busy kitchen countertops. These colours or finishes will show scratching more readily than lighter colours or lower gloss surfaces and require higher care and maintenance. Copies of the Formica Care and Maintenance Flyer are available from formica.com.au

Formica Metals are designed for interior vertical use only. They are not recommended for high humidity environments or for applications where frequent exposure to water is likely to occur. Some Formica Metals have a specific 'up and down' direction indicated on polycoat which must be observed when butting adjoining panels.

- Formica Metals and Premium high gloss laminates show greater colour variation from batch to batch than normal laminates. Where colour consistency between sheets is important, sheets must be checked prior to fabrication. Actual product colour may vary slightly from sample chips.

Plant Stock is held for 25 commercial colours in 3600 x 1800mm Standard Particleboard in 18mm and 25mm thickness.

- ▲ Indicated options in 2400 x 1800mm (18mm and 25mm) and 3600 x 1800mm (33mm) Standard Particleboard dispatched within 7 working days. Freight time may add up to two weeks where items are not locally stocked. Contact Customer Service on 132 136 for lead time quotations on volume orders.
- * New Stainless Steel board comes with a Dawn Grey back. Silver Shadow board comes with a Dawn Grey back. White Silver board comes with a Gentle Beige back.

Note: Individual line items are stocked according to local consumer demands. Not all Nationally Stocked items shown in this guide are available at all warehouses. Other items not shown in this guide are available at some locations based on local customer demand. Contact Customer Service on 132 136 for item availability.
